

**About MOEBE:**

MOEBE is a Danish design studio based in Copenhagen. MOEBE was founded in 2014 and is today run by the three partners; Martin De Neergaard Christensen, Nicholas Oldroyd and Anders Thams. MOEBE designs products for both their own brand and others, and also concerns themselves with interior decoration for both privates and companies.

**New shelving system**

Full freedom to build and extend

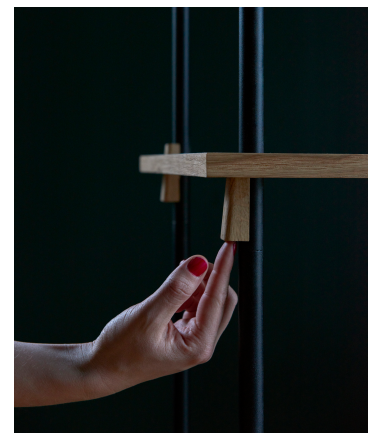

**MOEBE is kicking off 2018 by extending their collection with three new designs, among others, a shelving system. With the new shelving system, MOEBE takes yet another step towards presenting a full furniture collection entirely based on their intelligent and simple approach to design.**

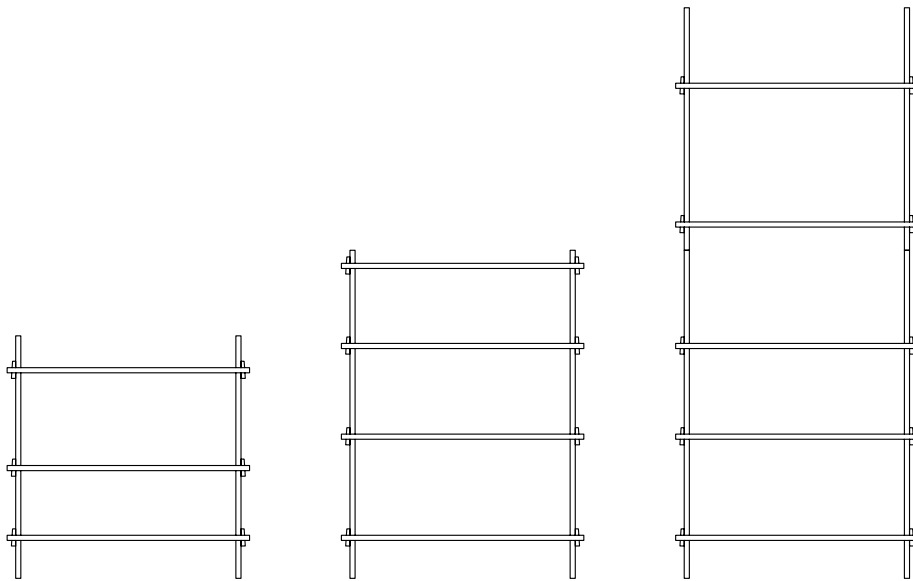

The new shelving system is constructed with the use of wedges holding the shelves in place. Working with wedges means that the shelving system can be assembled with no use of tools or the like. Furthermore, using wedges as the key principle gives the users the full freedom to play around with the system, placing the shelves at any given position and fitting it to their specific needs. As the shelving system can be extended in both width and height - providing infinite possibilities - the shelving system can likewise be built to fit any setting.

This approach to design is precisely why MOEBE has quickly become an established name on the Scandinavian design scene. With their simple and intelligent designs, MOEBE is today represented in over 30 countries and in more than 600 stores worldwide. Co-founder Anders Thams explains:

*"We design based on the principle of creating simple constructions; not gluing, welding, using screws, etc. Instead we try to challenge these common ways of constructing products. We strive to reduce our designs to their most simple forms and functions and thereby create design leaning towards the banal".*

MOEBE will alongside the shelving system also introduce a new Coat Rack and Full-body Wall Mirror.

**Dimensions:**

*Low:*

(H x W x D) 850 mm x 850 mm x 350 mm

*Medium:*

(H x W x D) 1150 mm x 850 mm x 350 mm

*Tall:*

(H x W x D) 2000 mm x 850 mm x 350 mm

**Colours:**

Black

Oak

**Materials:**

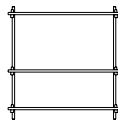

Oiled oak / Black stained ash wood

Powder coated steel

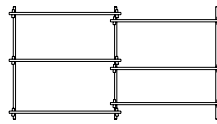

**Different configurations**
