creating configurable, welcoming spaces

"The Linear System Series places people at its center, being a place to meet, to collaborate or to work in focused solitude. With its warm materiality and modern expression, the Linear System Series brings feelings of home into larger spaces to give the user a sense of belonging, even if being there only for a little while."

— Thomas Bentzen

Linear System Table Configuration I with a selection of lamps and accessories.

Fiber Side Chair Swivel Base w/Castors & Gas lift
by Iskos-Berlin

The Linear System Series, designed by Thomas Bentzen, brings a new perspective to the evolving needs of the modern workspace, hospitality settings and educational institutions through its configurable design across tables, lighting, screens and trays alongside its custom integrated power solution, allowing one to tailor the design to the exact needs of any space.

familiar feelings of home

Designed in oak that echoes the warm touch of Scandinavian design with various tabletop options or in all black for a more refined and graphic expression, the Linear System Series brings inviting feelings of home into any space.

When configured with lamps and accessories, the design hints towards the archetypal library settings where users can sit down in a temporary yet personal workspace while having a sense of atmosphere as part of a larger space.

create private atmospheres in larger spaces

Through multiple accessories and lighting, the design can create intimate, smaller spaces in larger rooms for both solo-working and collaborative sessions.

linear system table

A MODULAR TABLE SYSTEM FOR YOUR EXACT SPACE

The Linear System Table is a simple yet refined table with subtle details and references to the Scandinavian design heritage. Its legs are cut into half-circles and joined with the table for a light look while the slender overhang at both ends of the table make for a refined expression.

The Linear System Table is available as a freestanding table to be used on its own, as predesigned configurations or as modular tables that can be configured to the exact needs of your space.

MATERIALS
Tabletop in Oak Veneer, Black version in Ash Veneer, Black Nanolaminate or White Laminate. Black Nanolaminate and White Laminate has an ABS edge. For Oak versions slight color variation can occur. Table frame in veneered plywood and legs in Solid Oak. Adjustable feet with felt glides*.

CERTIFICATES
Strength & Stability: EN 15372 - L3.
Eco Labels & Safety: VOC CDPH 01350* and BIFMA X7.1*.
*Incl. Screens, Trays, Lighting and Power Outlets. For Black Nanolaminate and Black Lacquered Ash Veneer versions, BIFMA X7.1 is only valid in private office use.

WARRANTY
5 years

linear system accessories

TAILOR THE DESIGN TO YOUR SPATIAL PURPOSE
A selection of trays and screens create a variety of possibilities for both open and more private spaces. Screens can easily be moved around to create temporary work zones while bringing emotions of Scandinavian design to any setting.

Linear System Screens
The Linear System Screens create intimate atmospheres without shielding from the outside world and bring sentiments of home into any setting by storing objects on the integrated feet on both sides of the Screen. The Screens can be used either freestanding or mounted.

Linear System Trays
The Linear System Trays have an inviting look that makes its user gravitate intuitively towards them.

The Trays can be used to create smaller spaces within the setting while allowing for objects to be stored on their plateau.

The Tray must be mounted onto the Linear System Series design.

MATERIALS
Screens in solid oak and oak veneer with powder coated aluminum fixing knobs. For Oak versions slight color variation can occur. Possibility of upholstery on Screens.

Tray 170 cm in solid oak and oak veneer. Tray Ø36 and Ø24 cm in solid oak. Powder coated aluminum fixing knobs for all versions. For Oak versions slight color variation can occur.

linear lamp series

ADDING ATMOSPHERE TO YOUR SPACE
Add modernly functional lighting to your Linear System design through the Linear Pendant Lamp, Linear Mounted Lamp or Linear Table Lamp, making for an aesthetically coherent configuration.

The Linear Lamp Series enhances the atmosphere of the room while allowing the user to adjust them to individual preferences through the dimmable functionality.

The Linear Mounted Lamps are mounted with fixing knobs, allowing you to easily rearrange according to the evolving needs of your space.

Linear Mounted Lamp – 209,2 cm / 82.4"
Hinting towards the archetypal library lamp through its modern expression and simple lines. Its large size creates a small atmosphere within larger spaces.

Linear Mounted Lamp – 23,2 cm / 9.1"
Its simple lines and elegant surface makes it a friendly complement to any setting alongside its dimmable light.

Note: The Linear Mounted Lamp does not have a standard plug. Instead, it must be connected to the Linear System Power Solution, shown on page 26.

Linear Pendant Lamp - 169,2 cm / 66.6"
Creates larger settings within a space while providing overhead lighting and complementing the atmosphere within a room through its elegant profile.

MATERIALS
Lampshades in powder coated, pressure die casted aluminum. Stem in powder coated steel with diffuser in polycarbonate. Cord in PVC. Mounted Lamps are mounted with powder coated aluminum fixing knobs.

DIMENSIONS
See overview p. 29

linear system table power outlet & power solution

A COHERENT LOOK WITH THE LINEAR TABLE POWER OUTLETS

With their minimalistic design in sheet metal, the Table Power Outlets become decorative elements placed across the table.

The Table Power Outlet can be mounted on the table and has two outlets (one in each end) to which standard plugs can be connected as well as a USB-A and USB-C plug. The Table Power Outlet must be connected to the Power Solution, shown on page 27.

SPECIFICATIONS

IP20 CE

MATERIALS

Table Power Outlet is made from powder coated metal with power plug and USB plug in PP. It comes with a powder coated aluminum fixing knob.

READY-TO-SHIP

Table Power Outlet

Black, Grey

EASY POWER ACCESS

The Linear System Series features a tailormade Power Solution for all Mounted Lamps and Table Power Outlets, so that all cables are seamlessly integrated. Cables are stored in the Cable Tray.

The Cable Tray, made in recycled PET felt, is mounted underneath the table.

Each Power Kit has five outlets to which up to five Linear Mounted Lamps or Linear Table System Power Outlets can be plugged in.

If you've chosen a predesigned table configuration (Linear System Table, Config.1, Config.2 or Config.3), simply select the matching readymade power configuration. If you have created your own table configuration from scratch with the individual modules, select a Power Kit and add a Power Extension Kit for every table module added. For more guidance, see the Order Guide in the price list.

SPECIFICATIONS

IP20 CE

MATERIALS

Power Kit cord in PVC and nylon distribution plugs.
Cable Tray in recycled PET felt.
